Kevin, I know you have had to listen to me "rail" over the years about how poor quality the NPDES permits that I see in enforcement cases were. I thought it only fair to tell you that I have an enforcement case with a well drafted permit. See above attachment. It even has a "flow" limit (not just a reporting requirement)-- a very rare thing in a municipal permit.

Hi Kirk,
Tilliandra, our administrative assistant is working on pasting all the permits into the FTP site. She was waiting for a software installment to allow her to place them on the FTP site.

Thanks,
